NARRATIVE							
On Wednesday, February 22, 2023 the Traffic Unit was requested to do a traffic study on S. Jackson St in the area of the West End School to determine the traffic flow patterns for drop-off and dismissal at West End School. On February 23, 2023 I installed the covert JAMAR radar recorded to a telephone pole in front of the West End School, between Logan St and Queen St. This covert radar recorder captures vehicle speed, volume, and direction by date and time. On March 3, 2023 I retrieved the JAMAR radar which recorded for a period of nine (9) days. Over this period of time, a total of 10, 238 vehicles were captured. It should be noted that in the reports, "Lane 1" is the southbound direction and "Lane 2" is the northbound direction. The following are the results of the traffic study:

Incident Report Number:

Continuation

Incident Report Number

Incident Location:

Incident Date:

-The average speed for both directions was 24 Miles Per Hour (MPH).

-The 85th percentile Speed is 28 MPH, meaning 85% of traffic is traveling at or below 28MPH.

- There was found to be more vehicles traveling northbound (from Logan St onto S. Jackson St) then vehicles traveling southbound.

On the week of February 27-March 3, all of which were school days, the following is the breakdown of direction:

-Monday 2/27: 327 Southbound (SB), 799 Northbound(NB)

-Tuesday 2/28: 372 Southbound, 920 Northbound

-Wednesday 3/1: 396 SB, 929 NB

-Thursday 3/2: 377 SB, 954 NB

-Friday 3/3: 344 SB, 847 NB

It should be noted that the above data would not reflect vehicles traveling southbound which then turned onto Queen St, as the recorder would have not yet picked up the speed. The recorder also should not be placed at the intersection and this would skew the true speed of the roadway due to vehicles just stopping or starting at the intersection.

There was not found to be speeding issue at this location. Both the average and 85th percentile speeds are both close to the 25 MPH Residential/School Zone Speed Limit. Though there were 106 vehicles traveling above 35 MPH, this accounts for just 1.03% of vehicles.

I have attached all files pertaining to this traffic study to the report.

Ptln. J. Duffy #3100
